

# XP95 I.S. Mounting Base

## Product overview

<b>Product</b>	<b>XP95 I.S. Mounting Base</b>
<b>Part No.</b>	<b>45681-215</b>

## Compliance

## Product information

The XP95 Intrinsically Safe (I.S.) Mounting Base is designed to accept only I.S. products. This makes sure that standard detectors cannot be inadvertently fitted to an I.S. System.

- Universal XPERT card addressing
- One way fit
- Only accepts I.S. detectors

## Addressing

Universal XPERT cards are supplied with all bases. Consult the coding guide in the installation instructions to determine which pips are to be removed from the card to give the correct address.

## Technical data

All data is supplied subject to change without notice. Specifications are typical at 22 V, 25°C and 50% RH unless otherwise stated

<b>Standards and approvals</b>	<i>CPR, LPCB, MED, LR, DNV-GL, ABS, BOSEC, RINA, KRS</i>
<b>Dimensions</b>	<i>100 mm diameter x 15 mm height</i>
<b>Weight</b>	<i>62 g</i>
<b>Materials</b>	<i>Housing: White flame-retardant polycarbonate Terminals: Nickel plated stainless steel</i>

*Note: The base is part of the detector certification, so does not hold I.S./MED/EMC/CPR certification by itself.*
